Please read our [Privacy Statement](#), [Accessibility Statement](#) and [Disclaimer](#)

If the name and address details are NOT correct, please click on the "Incorrect Details" button (go to 5 next).

4. Locate your Residence

If your details are correct, the next screen will display your locality and approximately where we think your residence is located within that locality.

Click on the red pointer and drag it (ie. hold down the left-click button while moving the mouse) to the correct location of your residence on the map.

Note that an "X" will appear below the pointer when it is moved, so be sure to place the "X" over the location of your residence. When you are happy with your selection, click on the "Confirm" button to record your selection.

If you are unable to locate your residence then click on the "Provide more information" button (go to 5 next).

Alternative Information
If you are unable to locate your residence or are having problems using the map below, but you are able to provide alternative information:

- the coordinates of your residence (from a GPS unit), or
- additional address information such as Rural Record Number, property name, etc

Please Click:

Map

1. Use your mouse to drag the red marker to the spot where your residence may be found.
2. Use the Map/Satellite button to see a different view of the area.
3. Use the slider on the left of the picture to zoom in and get a closer view.
4. If the aerial photography is out of date and your building is not shown, please move the marker as close as possible to the location of your residence.

Is this information collection allowed?

Under the *NSW Parliamentary Electorates and Elections Act 1912*, the NSWEC is able to request information from all NSW residents in order to determine their electoral status. However, the information collected can ONLY be used for the creation of the NSW Electoral Register/Roll and for no other purpose or provided to any other organisation other than those prescribed within NSW legislation.

HELP US ACCURATELY LOCATE YOUR RESIDENCE

This new Geo-location system has been devised to help us ensure that electors are included on the electoral roll within their correct electoral division or local government ward. This will minimise the potential inconvenience to electors arising from being incorrectly enrolled.

Within some parts of NSW, your address may not accurately locate your residence with respect to the electoral boundaries and so you may not be placed on the electoral roll for the correct electoral district/LG area for the next NSW general election.

To begin the process, please work through the following steps.

1. Go to NSWEC's Geo-locator web site

Type in the Geo-locator web address to your internet browser:

www.geo.elections.nsw.gov.au

2. Log on to the Geo-locator

The Geo-locator Welcome screen will appear (see over).
