Dear Elector

ELECTORAL ENROLMENT DETAILS

AND THE GEO CODE UPDATE WITH GOOGLE MAPS

The NSW Electoral Commission is currently updating the NSW Electoral Roll and would appreciate your assistance in allocating a Geo Code to your residence. The Geo Code is a fixed position similar to GPS co-ordinate (Global Positioning System) which is tagged to the residence and stored against the Electoral Roll. This will not only assist you by minimising the chance of any confusion before the next State Election but may also be used by emergency services to locate your residence in the event of an emergency.

Currently, the Electoral Roll records address information which in most cases is sufficiently accurate to locate your residence within the appropriate electoral boundary in order to identify the State District and Local Government area/ward in which you are entitled to vote. However, we have found that your residence record either does not have a geocode or does not contain sufficient information to accurately determine the electoral boundary in which you reside.

Allocating your Geo Code to your residence on the internet is a simple 5 step process which only needs to be done once and may save you valuable time at the next election.

What are we asking you to do?

The enclosed brochure includes an explanation on the new elector geo-locator system the NSWEC is trialling and some instructions on how to use it. Please read the brochure and if you are able to access the Internet and you feel comfortable with Google Maps, please follow the instructions there.

If you already know the GPS co-ordinates of your residence and are happy to provide us with those details please refer to the accompanying page, complete the attached form and send it back to us in the reply paid envelope included.

If you do not have access to or you are not comfortable with using the Internet you can still allocate your Geo Code.

Please refer to the attached sheet, Complete the details and detach the slip where indicated and send the slip back to us in the reply paid envelope. Depending on the information provided we may contact you for clarification.

Alternatively, you can give us a call on **1300 617133** (8.00am – 4.30 pm AEDT) and we will do this important update for you.

Thank you very much.

Yours sincerely
